

## RoHS & REACH Compliance Declaration

January 2024

Thermosense Ltd declares that, to the best of its knowledge, the products supplied are compliant to the Directive (EU) 2015/863 amendment of the RoHS 3 Directive 2011/65/EU on the restriction of certain hazardous substances (RoHS).

Thermosense Ltd declares that, to the best of its knowledge, the products supplied are fully compliant with the requirements of REACH (Registration, Evaluation, Authorisation & Restriction of Chemicals), including the restrictions of SVHC (Substances of Very High Concern) in EC 1907/2006 regulated by the European Union along with the REACH restriction of the use of certain hazardous substances.

None of the products contain greater than 0.1% by weight of a SVHC listed in Annex XIV and to the best of our knowledge do not contain substances listed in Annex XVII.

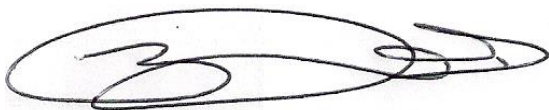

Any chemicals used are purchased from within the EU, we do not use chemicals identified as being a SVHC. Our general use of chemicals is very low, much less than the 1 tonne per year reporting limit.

All downstream suppliers have been contacted to confirm that all products supplied comply. All purchase orders placed have a clear statement of the compliance requirements.

The product groups covered by this declaration include the following as well as the associated accessories:

- Temperature Sensors
- Connectors
- Cables
- Fittings
- Instrumentation
- Heaters
- Pressure Gauges & Transmitters / Transducers
- Thermometers

Best Regards

Ryan Davis  
Managing Director
